E. H. LEIBY.

### Mansfield, Ohio.

Cyrus Fockler, Elder-in-Charge.

The determination of the Masonic mob and its official leaders, that Zion shall not proclaim the Everlasting Gospel in Mansfield, is more than equalled by Zion's determination to break down that opposition, God helping her, and to proclaim, that Gospel some day to the largest audiences ever gathered in Mansfield.

Mansfield officials may have part of the press, part of the people, all the apostate preachers, all the Baal-worshipers and all the cowards and hoodlums of Mansfield with them; but even with that backing they are trembling before lone Zion Elders.

Well may they tremble, for Zion Elders are backed by all Zion and, best of all, by God.

Mansfield officials still continue to break the law by arresting innocent men and sending them out of the city, but their triumph is very short lived.

God is working.

Mansfield and every other haunt of sin and official lawlessness will soon be compelled to obey Zion or perish.

Elder Basinger, in charge of the Branch of the Christian Catholic Church in Bluffton, Ohio, was sent to Mansfield by Overseer Piper on Lord's Day, September 2, 1900.

On Lord' Day afternoon Overseer Piper received the following telegram from a member of the Christian Catholic Church in Mansfield:

It is needless to state that Zion will continue to send Elders to Mansfield to proclaim the Everlasting Gospel as long as there is a human being left in that city to preach to.
